“Decommission” shall mean the work required to take an Application out of service.

67. DEFAULT

“Default” shall mean the occurrence of any of the following:

(i) With respect to Contractor, the occurrence of any of the following:

(a) Contractor's failure to provide the Services in accordance with the MASLs if Contractor fails to use its best efforts (that shall not involve the payment of funds that would not be commercially reasonable under the circumstances) to correct such failure or if, notwithstanding such best efforts, Contractor fails to meet a single MASL in three (3) or more of any six (6) consecutive Measuring Periods for such MASL. (For purposes of this paragraph (i)(a), the words "correct" and "corrected" shall include implementation of a work-around or similar temporary measure, provided that Contractor continues utilization of its best efforts (that shall not involve the payment of funds that would not be commercially reasonable under the circumstances) to pursue and promptly implement a full and complete cure);

(b) Contractor fails to provide the Services in accordance with the MASLs or fails to meet Critical Milestones such that Contractor is assessed total Fee Reductions in any calendar month in excess of ten percent (10%) of that month's At Risk Amount or Contractor fails to provide the Services in accordance with the MASLs or fails to meet Critical Milestones such that at any time during the Contract Year, the Contractor's cumulative Fee Reductions are in excess of five percent (5%) of that Contract Year's At Risk Amount;

(c) a failure by Contractor to use all commercially reasonable efforts to avert, prevent, avoid, or remedy any interruption or shutdown (of any material duration) of any essential County facility or operation, including communications networks utilized by any part of the County providing public safety, health, corrections, military, emergency, or financial disbursement services;

(d) a breach by Contractor of any obligation under Section 12 or Section 15 of the Agreement, provided that such breach, if curable, is not cured within thirty (30) days after Contractor has received notice of such breach;

(e) the discovery that a representation made in the Agreement by Contractor was false when made, if the nature and magnitude of the misrepresentation are such as to have had a probable and material effect upon the County's decision to engage Contractor or upon the negotiations as to the other terms of the Agreement;

(f) a judicial declaration of the insolvency of Contractor; the general failure of Contractor to pay its debts in the normal course of business; the entrance of Contractor into receivership or any arrangement or composition with creditors generally; the filing of a voluntary or involuntary petition that is not dismissed within sixty (60) days for the bankruptcy, reorganization, dissolution, or winding-up of Contractor; a general assignment for the benefit of creditors of Contractor; or a seizure or a sale of a material part of Contractor's property by or for the benefit of any creditor or governmental agency;

(g) an assignment or attempted assignment by Contractor in violation of Section 24.6 of the Agreement;

(h) debarment of Contractor from performing services with respect to all business with the federal government; or

(i) a material breach by Contractor of any of its other obligations under the Agreement and (A) the failure by Contractor to cure such breach within thirty (30) days after Contractor has received written notice of such breach; or (B) if the failure is not one that could reasonably be corrected within thirty (30) days, (1) the failure by Contractor to adopt, within thirty (30) days after receiving notice of such breach, a plan to cure such breach within a time period not longer than sixty (60) days after Contractor received notice of the breach, or (2) the failure by Contractor to cure such breach within such sixty (60)-day period.

(ii) With respect to the County, the occurrence of any of the following:

(a) a breach by the County in making payment of any amount payable to Contractor under the Agreement (subject to the provisions of Section 16.11 of the Agreement) within thirty (30) days after the due date specified in Section 16.2.1 of the Agreement for such payment and the failure by the County to cure such breach within thirty (30) days after the County has received written notice of such breach; or

(b) a material breach by the County of any of its obligations under the Agreement and (A) the failure by the County to cure such breach within thirty (30) days after the County has received written notice of such breach; or (B) if the failure is not one that could reasonably be corrected within thirty (30) days, (1) the failure by the County to adopt, within thirty (30) days after receiving notice of such breach, a plan to cure any continuing breach within a time period not longer than sixty (60) days after the County received notice of the breach, or (2) the failure of the County to cure any continuing breach within such sixty (60)-day period.

68. DEFICIENCY(IES)

“Deficiency(ies)” shall mean outages, breakdowns, malfunctions, crashes or other loss or degradation of functionality.

69. DEMAND BATCH JOBS

“Demand Batch Jobs” shall mean batch jobs submitted by End-Users or Contractor’s personnel.

70. DESIGNATED EMPLOYEES

“Designated Employees” shall mean those employees, if any, of the County, Legacy Provider and subcontractors of Legacy Provider identified as such on a separate document delivered by the County to Contractor.

71. DESKTOP APPLICATION

“Desktop Application” shall mean Software that must execute on the desktop and that has a desktop footprint only, with no server component (e.g., Excel, Word, PowerPoint, etc.).

72. DESKTOP SERVICES

“Desktop Services” shall mean the Services described in Section 4 of Schedule 4.3-Operational Services.

73. DEVELOPMENT

“Development” shall mean the tasks necessary to provide new functionality which includes planning/analysis, design, build, test and deployment.

74. DISABLING DEVICE

107. LEGACY PROVIDER

“Legacy Provider” shall mean the County’s IT and telecommunications outsource provider (including such provider’s subcontractors of any tier) providing services to the County immediately prior to the Cutover Date of the applicable Service Framework.

108. LEVEL OF EFFORT (LOE) WORK REQUEST

“Level of Effort (LOE) Work Request” shall mean a Work Request for services where the preponderance of the day-to-day work direction is provided by the County.

109. LOCAL AREA NETWORK OR LAN

“Local Area Network” or “LAN” shall mean the network connecting Personal Computers assets and other devices in a relatively small geographical area, such as a building.

110. LOCATION

“Location” shall mean any present or future location at which the County conducts its operations, including offices and facilities, and any other location where the County wishes to receive Services, as specified by the County to Contractor at any time during the Term of the Agreement. The Locations include the Sites and the County Facilities.

111. LOSSES

“Losses” shall mean all losses, liabilities, damages, fines, claims (including taxes), mechanics’ liens, other liens, awards and penalties, and all related costs and expenses (including reasonable legal fees and disbursements and costs of investigation, litigation, settlement, judgment, interest and penalties).

112. MACHINES

“Machines” means computers and related equipment, including central processing units and other processors, controllers, modems, communications or telecommunications equipment, cables, storage devices, printers, terminals, other peripherals and input and output devices, and other tangible mechanical and electronic equipment intended for the processing, input, output, storage, transmission, and retrieval of information and data or voice communications.

113. MANAGEMENT COMMITTEE

“Management Committee” shall mean the body described in Section 10.3 of the Agreement.

114. MASL

“MASL,” which is the acronym for “minimum acceptable service level,” shall mean the minimum functional and operational performance levels specified in Schedule 4.3 for any task or service.

115. MASL AT-RISK AMOUNT

“MASL At-Risk Amount” shall have the meaning set forth in Schedule 16.8.

116. MASL AT-RISK POOL

“MASL At-Risk Pool” shall have the meaning set forth in Schedule 16.8.

117. MAXIMUM ANNUAL FEE

“Maximum Annual Fee” shall mean the maximum amount payable under the Agreement in each Contract Year by the County to Contractor, as specified in Section 16.1.4 of the Agreement and Schedule 16.1.

118. MEASUREMENT PERIOD

“Measurement Period” means the period in which a given MASL is measured (e.g., one month, one year).

119. MIDDLEWARE

“Middleware” shall mean software that serves as a data-passing intermediary between Operating System Software and an Application. The term is also used to describe separate products that serve as the glue between two Applications; distinct from import and export features that may be built into one of the Applications.

120. MILESTONE

“Milestone” shall mean a point in a project plan when completion of a significant component or module is to be completed. Typically, Milestones are expressed as deliverables to the County in a Work Request.

121. MINIMUM PERFORMANCE

“Minimum Performance” shall mean the percentage of time or instances that a target MASL must be met as specified in the applicable MASL.

122. MISSION CRITICAL

“Mission Critical” functionality shall mean the primary business functionality of the County, or any agency, subdivision, department or group thereof. The Mission Critical Applications shall be listed in Exhibit B to Schedule 4.3.

123. MONTH

“Month” shall mean any calendar month during the Term of the Agreement.

124. MONTHLY SERVICES CHARGE (MSC)

“Monthly Services Charge” or “MSC” shall mean the charge to the County for Contractor’s provision of all of the Services for any month during the Term.

125. MOVE

“Move” shall mean the relocation of an existing device from one County Site to another or within a County site.

126. NETWORK SERVICES

“Network Services” shall mean the Services described in Section 5 of Schedule 4.3 – Operational Services.

127. NO DEFECT

“No Defect” shall mean a Ticket when there is 1) no defect, or 2) an End-User induced error, or 3) password reset, End-User requested file restorations, etc.

128. ONLINE TRANSACTION RESPONSE TIME

“Online Transaction Response Time” shall mean the amount of time required to refresh End-User screen from point that enter command is given from End-User device.

129. OPTIONAL ITEM PRICING CATALOG OR OIPC

“Optional Item Pricing Catalog” or “OIPC” shall mean the on-line catalog used by the County to procure items as well as training Services that are supported and/or provided by the Contractor, as specified in Schedule 16.1 of the Agreement.

130. PARTY

“Party” shall mean the County or Contractor, as applicable; “the Parties” shall mean each of the County and the Contractor.

131. PERFORMANCE TARGET

“Performance Target” shall mean the desired level of service County is seeking for a particular MASL requirement.

132. PERSON

“Person” shall mean any natural person, corporation, limited liability company, limited liability partnership, general partnership, limited partnership, trust, association, governmental organization or agency, political subdivision, body politic, or other legal person or entity of any kind, legally constituted.

134. PORTFOLIO APPLICATION LIST

“Portfolio Application List” shall mean the list of Portfolio Applications.

135. PORTFOLIO APPLICATIONS

“Portfolio Applications” shall mean non-Desktop Applications supported by the Contractor (excludes all Applications contained in the Optional Item Pricing Catalog).

136. PREMISES DEVICES

“Premises Devices” shall mean devices used by County End-Users to interface with the computing infrastructure, including workstations, Network attached printers and other Network attached peripherals.

137. PROBLEM

“Problem” shall mean any problem or circumstance that results from any of the following:

- (i) an alleged Failure by either Party to perform its obligations under the Agreement;
- (ii) an alleged inadequacy or delay of either Party’s performance under the Agreement;
- (iii) a request for products, services, or resources, where the Parties disagree whether such products, services, or resources are within the scope of the Agreement; or
- (iv) a disagreement as to the responsibilities either Party has under the Agreement.

138. PROBLEM RESOLUTION REPORT

“Problem Resolution Report” shall mean a written report executed by both Parties describing a solution to a Problem, which terms will govern the behavior of the Parties until such time that the terms of the Problem Resolution Report are incorporated by amendment into the Agreement.

139. PROJECT

“Project” shall mean a temporary endeavor undertaken to create a unique product or service with a high level of complexity, risk, or integration.

140. PROJECT ESTIMATION

“Project Estimation” shall mean a set of disciplines and techniques that allow an IT professional to quantify labor and materials to determine schedule and cost, which is adjusted for risk. Project Estimation methods and tools provide a series of questions that allow the professional to input values to a system. The system provides a common frame of reference for the Contractor and County to understand how cost and schedule were derived.

141. PROVISIONAL TERMINATION DATE

“Provisional Termination Date” shall have the meaning set forth in Section 17.2.1 of the Agreement.

142. PUBLIC RECORD DATA

“Public Record Data” shall mean any “public record” as that term is used in the California Public Records Act.

143. PUBLIC SWITCHED TELEPHONE NETWORK (PSTN)

“Public Switched Telephone Network” or “PSTN” shall mean the network of equipment, lines, and controls assembled to establish communication paths between calling and called parties in North America.

144. PURCHASED ASSETS

“Purchased Assets” shall mean those machines, equipment, and other tangible property to be purchased by Contractor as of the Cutover Date for each applicable Service Framework, as set forth Appendix A.5 as of the Signing Date and as updated by mutual agreement of the Parties (which agreement shall not be unreasonably withheld) at the Cutover Date for each applicable Service Framework, and such other property relating to the Services as may be identified by either Party in a written notice delivered to the other Party after the applicable Cutover Date and mutually agreed (which agreement shall not be unreasonably withheld) to be a Purchased Asset.

145. QUALITY

“Quality” shall mean a measurement based on counting the function points developed during a project and capturing the number of defects introduced into the User Acceptance testing environment that were specifically due to code or incorrectly applied configuration.

146. REMOTE ACCESS REQUEST FORM (RARF)

“Remote Access Request Form” or “RARF” shall mean a form used to request remote access to the County Network.

147. REMOVE

“Remove” shall mean taking an existing device or Desktop Application out of service from a County Site or End-User

148. REPORTING INTERVAL

“Reporting Interval” shall mean the time span between regular performance Reporting Periods.

149. REPORTING PERIOD

“Reporting Period” shall mean on a monthly basis, within three business days of the close of the calendar month, unless stated otherwise.

150. REQUEST FOR NETWORK ACCESS (RFNA) FORM

“Request for Network Access (RFNA) Form” shall mean a form used to request access to County Applications from non-Contractor assets.

151. REQUIRED CONSENTS

“Required Consents” shall mean Government Approvals and other third-party consents or approvals required in connection with: (i) the assignment to and assumption by Contractor of the Assigned Contracts and Assigned Leases; (ii) the licensing, granting, or transferring to Contractor of the right to use, access, and (if necessary) modify any of the Retained Assets, County Software, and any of the assets and properties covered by any of the Retained Assets, in connection with Contractor’s performance of the Services; (iii) the assignment to and assumption by the County of the Assigned Contracts and Assigned Leases in connection with Disentanglement; (iv) the performance of the Services under the Agreement.

152. REQUIREMENT OR PERFORMANCE REQUIREMENT

“Requirement” or “Performance Requirement” shall mean the minimum required level of service County is requiring for a particular MASL metric.

153. RESIDUALS

“Residuals” shall mean Contractor’s general knowledge, skill, and experience, any ideas, concepts, know-how, and technologies that are within the scope of Contractor’s business practice and are used, acquired, or developed by it in the course of providing the Services; provided, however, that the Residuals shall not include any Work Product or any of the County’s Confidential Information.

154. RESOLVE

“Resolve” shall mean to repair, replace, reconfigure, re-install, re route, or otherwise provide a complete solution to an incident that returns the System and/or End-User(s) to non degraded full functionality. A Workstation incident at a virtual office/remote access (VORA) site is considered “Resolved” by the overnight shipment of a repaired or a replacement Workstation that is fully operational. Implementing a Workaround is a partial or temporary resolution.

155. RESPOND TIME (TIME TO RESPOND)

“Respond Time” or “Time to Respond” shall mean the duration between when an incident is reported to the Contractor and when a Contractor support technician or engineer provides initial feedback to County.

Calculation: Performance = Actual time to respond/target time to respond.

156. RESOURCE UNIT (RU)

“Resource Unit” or “RU” shall mean a particular unit of utilization of resources that have a Baseline Volume, as described in Schedule 16.1, and that is measured to determine the County’s actual utilization of such resource for the purposes of calculating the Fees in accordance with Schedule 16.1.

157. RESOURCE UNIT FEE

“Resource Unit Fee” shall have the meaning set forth in Schedule 16.1.

158. RESOURCES

“Resources” shall have the meaning given to it in Section 4.6 of the Agreement.

159. RESOLVED

“Resolved” shall mean that a Problem or issue is corrected to the County’s satisfaction or back to the intended functionality of a system.

160. RESPONSE TIME OF THE APPLICATION

“Response Time of the Application” shall mean the elapsed time from when the “return” key is pressed to the response back to the screen, fully refreshed by the Application. Sometimes, this is called End-to-End response time. The Contractor will be responsible for this metric if it has responsibility for all components of the systems and network.

161. RETAINED ASSETS

“Retained Assets” shall mean the Software, hardware and other assets (including their related written maintenance agreements, service agreements, Software license agreements, equipment lease agreements and subcontractor agreements to which the County or the State is a party), that are not assigned to or not otherwise owned or leased by Contractor or any Subcontractors yet managed and administered by Contractor pursuant to Schedule 4.3. A list of the Retained Assets shall be included in the Standards and Procedures Manual, and shall be updated from time to time by the Parties. “Retained Assets” shall include Retained Desktop Computers.

162. RETAINED DESKTOP COMPUTERS

“Retained Desktop Computer” shall mean Retained Assets that are devices defined in the Personal Computing Component in Section 4.4 of Schedule 4.3.

163. RETIREMENT

“Retirement” shall mean the work required to take an Application permanently out of service. Such work shall be performed solely pursuant to a Work Request.

164. ROOT-CAUSE ANALYSIS

“Root-Cause Analysis” shall mean the Problem analysis process described in Section 4.9 of the Agreement.

165. SALES TAX(ES)

“Sales Tax(es)” shall have the meaning given to it in Section 16.5 of the Agreement.

166. SCHEDULED MAINTENANCE

“Scheduled Maintenance” shall mean preventative, Decommission, Retirement, or planned Software updates.

167. SCHEDULED TIME

“Scheduled Time” shall mean the time during which Service is to be operational as designated in the applicable MASL table. All references to schedule (for example, 0730 hours) in the MASL tables are local time for the point of service.

168. SCHEDULED UPTIME

“Scheduled Uptime” shall mean the required System Availability that excludes all Planned Outages.

169. SEI/CMM LEVEL

“SEI/CMM Level” shall mean the Software Engineering Institute/Capability Maturity Model that is a reference model used for determining a software development organization’s level of competency. Level 1 is characterized by an organization’s ad-hoc development processes; Level 2 has repeatable processes; Level 3 has defined or documented processes that are consistently used; Level 4 has metrics for managing the processes, and Level 5 includes processes for optimization and improvement.

170. SERVERS

“Servers” shall mean all server classes defined (e.g., Infrastructure Server, Application Development Server, Application Pre-Production Server, Application Test Server and Application Production Server).

171. SERVICE FRAMEWORK

“Service Framework” shall mean any one or more of the following categories of Services described in Schedule 4.3: (1) Help Desk Services, (2) Application Services, (3) Desktop Services, (4) Network Services, (5) Data Center Services, and (6) Cross Functional Services.

172. SERVICES

“Services” shall mean all services, functions and activities to be provided by Contractor under the Agreement, including, but not limited to, all of the following:

- (i) Current Services;

- (ii) The services described in Schedule 4.3;
- (iii) Any other services specified elsewhere in the Agreement;
- (iv) Any other IT-related services that are requested by the County from time to time during the Term; and
- (v) Any maintenance, support, design, management, planning, and other services that are incidental, ancillary, customary, or necessary to and appropriate for the performance and receipt of any of the foregoing, exclusive, however, of services or functions for which the County expressly retains responsibility under the Agreement.

173. SHARED RESOURCES

“Shared Resources” shall have the meaning given to it in Section 7.6 of the Agreement.

174. SITE

“Site” shall mean each physical County or third party site to which Contractor provides the Services. The County Sites are classified into six (6) categories as further defined in Section 5.8.3 (New Site Installation Services) of Schedule 4.3. As of the Signing Date, the Sites include the properties and facilities listed on Appendix A.1 to this Schedule A.

175. SIX-MONTH MILESTONE FUND

“Six-Month Milestone Fund” shall have the meaning given to it in Schedule 16.8.

176. SOFTWARE

“Software” means computer programs and program objects of any kind (including object code and source code, and any intermediate forms or versions thereof), program set up and customization parameters and data, and the tangible media on which any of the foregoing are recorded.

177. SPECIFICATIONS

“Specifications” shall mean the functional and technical requirements of a solution, which are codified in a document.

178. STANDARDS AND PROCEDURES MANUAL

“Standards and Procedures Manual” shall mean the written manual developed by Contractor as described in Section 7.3 of the Agreement.

179. STATE

“State” shall mean the State of California.

180. SUBCONTRACTOR

“Subcontractor” shall mean any Person (including any Contractor Affiliate), other than Contractor, that provides Services, directly or indirectly, to the County pursuant to an agreement with (i) Contractor or (ii) a subcontractor (of any tier) of Contractor.

181. SYSTEM

“System” means the combination of the infrastructure, Middleware, and the Application or Applications Suite.

182. SYSTEM OF RECORD

“System of Record” means a production system that has been recognized by the County as the official basis for business transactions.

183. TASK-BASED WORK REQUEST

“Task-Based Work Request” shall mean a Work Request for services where the preponderance of the work is pre-defined and results in deliverable products.

184. TERM

“Term” shall mean the period during which Contractor shall be obligated to provide the Services, as specified in Section 17.1 of the Agreement.

185. TERMINATED SERVICES

“Terminated Services” shall mean any Service, category of Service, or any discrete component, deliverables, features, functions, capabilities, tasks, activities, or portion of the Services, that Contractor and/or any Subcontractors shall cease performing under the Agreement and that may be assumed by the County, or by any third-party provider designated by the County.

186. TERMINATION DATE

“Termination Date” shall have the meaning given to it in Section 17.2.1 of the Agreement.

187. TERMINATION NOTICE

“Termination Notice” shall have the meaning given to it in Section 17.2.1 of the Agreement.

188. THIRD-PARTY RESOURCES

“Third-Party Resources” shall have the meaning given to it in Section 4.6 of the Agreement.

189. THIRD-PARTY SOFTWARE

“Third-Party Software” means Third-Party Works comprising Software and all supporting documentation, media, and related materials, provided or made available to the County by Contractor through its Subcontractors or other third parties or otherwise used by Contractor or its Subcontractors in connection with the performance of the Services (and all Third-Party Works comprising updates, enhancements, customizations, and other improvements thereof).

190. THIRD-PARTY WORKS

“Third-Party Works” means Underlying Works conceived, invented, created, or acquired by a third party; provided, however, Underlying Works conceived, invented, created, or acquired by EDS, Bearing Point, or SBC or their Affiliates are considered Contractors Works for all purposes under this Agreement.

191. TICKET

“Ticket” shall mean the mechanism for recording Break-Fix incidents in the Contractor’s help desk systems.

192. TRANSITION

“Transition” shall have the meaning given to it in Section 2.1.

193. TRANSITION PLAN

“Transition Plan” shall mean the plan described in Section 2.1, a copy of which is attached hereto as part of Schedule 2.1.

194. TRANSITIONED EMPLOYEE

“Transitioned Employee” shall mean each Designated Employee who accepts an offer of employment from Contractor or a Subcontractor and becomes an employee of Contractor or a Subcontractor pursuant to this Agreement.

195. UNDERLYING WORKS

“Underlying Works” means tangible and intangible information and developments that: (i) had already been conceived, invented, created, developed or acquired by Contractor or third parties prior to the Effective Date and were not conceived, invented, created, developed or acquired for the County’s use or benefit in connection with this Agreement; or (ii) were conceived, invented, created, developed or acquired by Contractor or third parties

on or after the Effective Date, but only to the extent such information and developments do not constitute Work Product hereunder. An Underlying Work includes all intermediate and partial versions thereof, including all source code and object code with respect thereto, and all processes, methods, apparatus, programs, procedures, designs, specifications, inventions, discoveries, improvements, ideas, know-how, techniques, materials, program materials, Software, flow charts, notes, outlines, lists, compilations, manuscripts, writings, reports, data, data models, pictorial materials, schematics, other creations, and the like, whether or not patented or patentable or otherwise protectable by law.

196. UNIX SERVER

“UNIX Server” shall mean any Server running the UNIX Operating System (e.g., Solaris, HP-UX, Tru64, AIX).

197. UNSCHEDULED MAINTENANCE

“Unscheduled Maintenance” shall mean unplanned maintenance to resolve defects.

198. VMS SERVER

“VMS Server” shall mean any Server running the VMS Operating System.

199. VOICE SERVICES

“Voice Services” shall mean those Services described in Section 5.6 of Schedule 4.3 – Operational Services.

200. VOICE SWITCH OR PBX

“Voice Switch or PBX” shall mean a Voice Switch (also known as a PBX (Private Branch Exchange)), which is an electronic system capable of switching, routing, and connecting internal voice callers to each other as well as to external telephone lines. The PBX provides a switching matrix that allows internal telephones within an organization to:

- connect to other internal telephones
- connect to external telephone lines to make voice calls to "outside" telephones
- receive incoming telephone calls from "outside" callers.
- record calling data in order to charge users for the cost of toll calls.

In addition, a PBX provides hundreds of call handling and processing features that allow users to control, direct, route, and process incoming and outgoing telephone calls in a manner best suited to meet their business call processing needs. This ranges from such common items as call forwarding, transfer, restriction, direct dial to more sophisticated capabilities such as automatic call distribution and alternative routing.

201. WARN ACT

“WARN Act” means the Worker Adjustment and Retraining Notification Act, 29 U.S.C. §§ 2101 et seq, and any state or local statute, code, regulation or ordinance that is analogous or similar to the WARN Act.

202. WARN NOTICE

“WARN Notice” means a notice required by the WARN Act, or other applicable law, to be provided to a Party’s (including Subcontractor’s) employees in connection with an event or circumstance that is likely to result in the termination or redeployment of such employees and that might result in the imposition of incremental severance and other costs, damages, fines, or penalties if such laws are not fully complied with.

203. WEEK

“Week” shall mean a week of seven (7) days, Sunday through Saturday, including County holidays.

204. WEIGHTING FACTOR

“Weighting Factor” shall have the meaning set forth in Schedule 16.8.

205. WIDE AREA NETWORK OR WAN

“WIDE AREA NETWORK” or “WAN” shall mean a network linking together networks located in other geographical areas.

206. WORK PRODUCT

“Work Product” means all tangible and intangible information and developments, and intermediate or partial versions thereof, including source code and object code with respect thereto, and all processes, methods, apparatus, programs, procedures, designs, specifications, inventions, discoveries, improvements, ideas, know-how, techniques, materials, program materials, Software, flow charts, notes, outlines, lists, compilations, manuscripts, writings, reports, data, data models, pictorial materials, schematics, other creations, and the like, whether or not patented or patentable, subject to copyright, constituting a trade secret, or otherwise protectable by law, that are conceived, invented, created, developed or acquired by Contractor in its performance under this Agreement, or by any Person engaged by Contractor in the performance of Contractor’s obligations or the exercise of Contractor’s rights under this Agreement, and the Intellectual Property Rights in or pertaining to any of the foregoing.

207. WORK REQUEST

“Work Request” shall mean a request made in accordance with the Standards and Procedures Manual for the performance of certain Services.

208. WORK REQUEST (VERY LOW RISK)

“Work Request (Very Low Risk) ” shall mean a request for Services where the total risk index (as calculated in accordance with the Standards and Procedures Manual) is between 0 and 3, and the risk value distribution criteria for “very low risk” (as set forth in the Standards and Procedures Manual) have been met.

209. WORK REQUEST (LOW RISK)

“Work Request (Low Risk) ” shall mean a request for Services where the total risk index (as calculated in accordance with the Standards and Procedures Manual) is between 4 and 7, and the risk value distribution criteria for “low risk” (as set forth in the Standards and Procedures Manual) have been met.

210. WORK REQUEST (MEDIUM RISK)

“Work Request (Medium Risk) ” shall mean a request for Services where the total risk index (as calculated in accordance with the Standards and Procedures Manual) is between 8 and 16, and the risk value distribution criteria for “medium risk” (as set forth in the Standards and Procedures Manual) have been met.

211. WORK REQUEST (HIGH RISK)

“Work Request (High Risk) ” shall mean a request for Services where the total risk index (as calculated in accordance with the Standards and Procedures Manual) is between 17 and 28, and the risk value distribution criteria for “high risk” (as set forth in the Standards and Procedures Manual) have been met.

212. WORKSTATION

“Workstation” shall mean an End-User computing device, ranging in power and function from a desktop or laptop PC to a high end engineering or graphic workstation.
